Mitsubishi Electric Automotive Division in Sindelfingen near Stuttgart is looking for a

## Sales Engineer for southern Germany (m/f)

As contact person to existing and new customers you will help us in the acquisition of new projects in the automotive sector in the areas of infotainment and telematics.

As a reliable partner you coordinate the requests and see yourself as the interface between engineering, procurement and management which leads with advice, action and new ideas to a goal-oriented solution.

With your technically competent advice, negotiation skills, as well as solutions and service orientated person you succeed to develop new business and to develop long-term partnerships.

As an Engineer (FH, TU Maschinenbau/Elektrotechnik/Informatik/Wirtschaftsingenieurwesen/Mechatronik) with first experiences within the automotive area and attraction for sales as well as at least 3 years working experience you will fit to our team. A high willingness to travel and a valid driving license is necessary for this position. If you have very good command of English and you feel secure within the usage of MS-Office, we would appreciate to get to know you.

Please send your detailed application including your telephone number and your salary expectation.
